## Material Safety Data Sheet

According to EU Regulation 1907/2006 in the current version

### HENNA POWDER

#### 1. Identification of the substance/preparation and the company

Trade name: Henna powder  
Utilization: Ingredient for cosmetic products  
Supplier company: **Jeet Herbals Products**, Anjali F-223, J.P. Road, 7 Bungalows, Andheri West, Mumbai 400061, Maharashtra, India  
identification:  
Emergency: Tel/Fax: +91 22 26327931, sales@karishmaherbalhenna.com

#### 2. Hazards Identification

Classification according to Regulation EU 1272/2008: Not classified as a hazardous substance.  
Labelling according to EU regulation 1272/2008 (GHS-Labeling)  
Signal word: None  
Pictograms: None  
Hazard phrases: None  
Safety phrases: None  
Other hazards: None

Classification according to EU 67/548 EEC or 1999/45/EC: Not classified as a hazardous substance.  
Labelling according to EU regulation 67/548  
Hazard Symbol: None  
Risk phrases: None  
Safety phrases: None

#### 3. Composition / Information on ingredients

INCI-name: lawsonia inermis leaf  
CAS-number: 84988-66-9  
EINECS-number: 284-854-1

#### 4. First Aid

Generally: No special measures required. A medical examination is not necessary.  
First aid after Inhalation: Usual measure required. Move to fresh air. Seek medical advice if necessary.  
First aid after Skin contact: In general product is not skin-irritating. Wash skin with soap and water.  
First aid after Eye contact: Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 10 minutes. Get medical attention if irritation occurs.  
First aid after Ingestion: No special measures required. In the event of unintentional swallowing, do not force vomiting. Seek medical attention if necessary, showing the label.  
Most important symptoms and effects, acute/delayed: No symptoms known.

#### 5. Fire-fighting Measures

Suitable extinguishing media: Foam, CO2, dry extinguishing powder.  
Unsuitable extinguishing media: Nothing to report  
Protective equipment: Keep away from sources of ignition. Do not smoke. Respiratory and eye protection

Date 10.02.2017

Version 3.0

## Material Safety Data Sheet

According to EU Regulation 1907/2006 in the current version

### HENNA POWDER

required for fire crews when exposed to smoke or fumes.

Fire and explosion protection: This product is made up of inflammable material with low risk. The product may only form ignitable mixtures or burn only upon heating above the flash point.

#### 6. Accidental release measures:

Personal precautions: Ensure adequate ventilation.  
Environmental precautions: No special measures required.  
Methods for cleaning up: Clean up mechanically. Avoid dust formation.

#### 7. Handling and Storage

Precautions for safe handling: Apply good manufacturing practice & industrial hygiene practices. Observe good personal hygiene, and do not eat, drink or smoke whilst handling. Avoid dust formation.

Conditions for safe storage: Store the product a well-ventilated environment, protect from direct sunlight, in a cool, dry place.

#### 8. Exposure Controls and Personal Protection

Hand protection: Gloves  
Respiratory protection: Do not inhale dust. Protective Mask in case of formation of dust.  
Eye protection: Protective glasses  
Physical protection: Use usual individual protective equipment  
Occupational exposure limit: No special measures required

#### 9. Physical and Chemical Properties

Appearance: powder  
Colour: yellowish green  
Odour: characteristic  
Melting point: not available  
Initial boiling point & range: not available  
Flash point: not determined  
Solubility: partially soluble in water, oils  
Auto-ignition temperature: not determined  
Flamability: not available  
Explosive properties: nothing to report  
Decomposition temperature: nothing to report

#### 10. Stability and Reactivity

Reactivity: It presents no significant reactivity hazards, by itself or in contact with water.  
Chemical stability: The product is stable under normal conditions  
Possibility of hazardous reactions: It presents no significant hazardous reaction.  
Conditions to avoid: Keep away from open flames.  
Substances to avoid: Nothing to report

Date 10.02.2017

Version 3.0

**Material Safety Data Sheet**

According to EU Regulation 1907/2006 in the current version

**HENNA POWDER**

Hazardous decomposition products: Nothing to report

**11. Toxicological Information**

Not classified as hazardous conform EEC Dangerous Substance Directive and Dangerous Preparation Directives. If the product is used properly it will not cause any injuries to health.

Acute toxicity:	In compliance with generally accepted uses and quantities are no negative impacts to be expected. LD50 oral: not determined LD50 dermal: not determined LC50: not determined Inhalation: There is not expected negative impact. Ingestion: There is not expected negative impact. Skin contact: There is not expected negative impact. Eye contact: There is not expected negative impact.
Skin corrosion/irritation	In compliance with generally accepted uses and quantities are no negative impacts to be expected.
Serious eye damage/irritation	In compliance with generally accepted uses and quantities are no negative impacts to be expected.
Respiratory /skin sensitization	In compliance with generally accepted uses and quantities are no negative impacts to be expected. Deep inhalation may cause respiratory troubles such as watering, sneezing.
Germ cell mutagenicity	There is not expected negative impact.
Carcinogenicity	There is not expected negative impact.
Reproductive toxicity	There is not expected negative impact.
STOT-single exposure	No information available
STOT-repeated exposure	No information available
Aspiration hazard	No information available

**12. Ecological Information**

12.1. Ecotoxicity: Nothing to report. Natural product. Environmentally not hazardous.  
12.2. Mobility in soil: passive natural product  
12.3. Degradability: Biologically well degradable  
12.4. Bioaccumulation potential: nothing to report  
12.5 Various harmful effects: nothing to report

**13. Disposal Considerations**

Recommendation: Collect and dispose of waste product in conformity with local disposal regulations. Is a natural biodegradable product.

**14. Transport Information**

General recommendations: Not classified as a dangerous good under transport regulations. Protect against humidity.  
UN no: not classified

## Material Safety Data Sheet

According to EU Regulation 1907/2006 in the current version

### HENNA POWDER

Road (ADR/RID): not classified  
Air (IATA/ICAO): not classified  
Sea (IMDG): not classified  
Special precautions for user: See section 6-8  
Transport in bulk according to  
Annex II of MARPOL 73/78 and  
the IBC: Not defined

#### 15. Additional Regulatory Information

EU Classification: Not subject to classification according to CLP Regulation (EC) No. 1272/2008.  
Not subject to classification according to Directive 67/548/EC or Directive

#### 16. Other Information

##### Disclaimer:

This material safety data sheet does not constitute a guarantee of the properties of the product and is not a contractual legal report. The information is given in good faith on the basis of our best knowledge of the product at the indicated time. However, we cannot accept responsibility or liability for any consequences arising from its use, no warranty for correctness and completeness is given. We caution the users against the incurred possible risks when the product is used at other ends than the use for which it was initially planned. It is the user's responsibility during handling, storage and product use to consult the main regulatory texts in force regarding workers and environment protection.
