Die IFRA Standards basieren auf Sicherheitsbeurteilungen durch das Experten Panel des RESEARCH INSTITUTE FOR FRAGRANCE MATERIALS (RIFM) und sind geregelt durch das IFRA Scientific Committee (IFRA SC).

Für weitere Informationen über die quantitative Risiko Beurteilung (QRA), verweisen wir Sie auf die IFRA und RIFM Websites www.ifraorg.org und www.rifm.org.

Werden bei Evaluierungen in **Klasse 1 (Lippenprodukte , Spielzeug)** und **Klasse 6 (Mundhygiene)** maximale Einsatzkonzentrationen von "0" angegeben, beinhalten die entsprechenden Parfümöle keinen Compliance-Check, wie er vom IOFI Code of Practice vorgeschlagen wird (z.B: FEMA GRAS oder FDA Listung). Anderenfalls sind alle IFRA-gelisteten Inhaltsstoffe FDA GRAS-gelistet. Diese Listung beinhaltet **keine Einstufung als "food proof"**. Der Compliance-Check beinhaltet nur Substanzen, die in IFRA-Standards gelistet sind und bezieht sich nur auf bestimmte toxikologische Endpunkte. Dieses Zertifikat bietet deshalb **keine Sicherheitsbeurteilungen** für alle Produktbestandteile.

IFRA Konformität befreit einzelne Hersteller nicht von der Pflicht, alle relevanten nationalen oder internationalen Verordnungen einzuhalten. Es ist die endgültige Verantwortung unserer Kunden die Sicherheit der Endverbrauchsgüter durch weitere Tests zu gewährleisten.

Dieses Zertifikat spiegelt unseren derzeitigen Wissensstand wieder und ersetzt frühere IFRA Erklärungen für Parfümöle in gleichen Produktarten. Dieses Dokument ist elektronisch erstellt und ohne persönliche Unterschrift gültig.
